Subject Correction - technical guidance

Tom - I had intended to be explicit as to the purpose (provide guidance) and overlooked that. Please use the attached.

Thanks!

John

Technical Guidance 50 CFR 80.docx

Proposed language to identify Technical Guidance as an eligible activity within 50 CFR 80.50 (a) and 80.51 (b):

80.50(a)(8): Technical guidance projects designed for providing advice to improve environmental conditions for, protect or create habitat for, or manage populations to increase public benefits for eligible wildlife species.

80.51 (a)(12): Technical guidance projects designed for providing advice to improve environmental conditions for, protect or create habitat for, or manage populations to increase public benefits for eligible sport fish species.
